Our Services

Limmat Wealth AG offers its customers holistic wealth management and advisory. When determining the investment strategy, we consider the client's personal and entrepreneurial assets, real estate holdings and tax situation. In doing so, we also consider pension and succession planning, define a risk profile and the individual and financial goals that are to be achieved or secured with asset management.

For detailed information on the essential rights and obligations arising from an asset management or investment advisory contract, we refer to the relevant contracts between Limmat Wealth AG and its customers.

Customer segmentation

In accordance with the FinSA, we assign our customers to a segment prescribed by law. Based on FinSA Art. 4 Para. 7, Limmat Wealth AG treats its customers as retail clients in accordance with the written agreement between Limmat Wealth AG and its customers or as professional clients (in case of an opting-out).

Information about risks and costs

General Risks in Trading Financial Instruments: Wealth management and investment advisory services involve financial risks. Limmat Wealth AG hands out the brochure «[Risks Involved in Trading Financial Instruments](#)» of the Swiss Bankers Association (SBA) to all customers before signing a contract.

Risks in connection with the services offered: In the appendices to our asset management and investment advisory contracts, we discuss the risks individually with our clients before signing the contract (risk profile questionnaire).

Costs: We charge a fee in connection with the services provided by Limmat Wealth AG, which is calculated as a percentage, as a fixed amount or on a success basis. The costs are part of the contract concluded with our customers.

Information about ties to third parties

There are no economic ties to third parties in connection with the services offered by Limmat Wealth AG.

The receipt of payments from third parties and their treatment is regulated in detail and comprehensively in the asset management and investment advisory contracts between Limmat Wealth AG and its customers.

Information about the market offer considered

Limmat Wealth AG offers traditional fund mandates as well as special hedge fund mandates and individual strategies. Within a strategy chosen by the client, Limmat Wealth follows an «open universe approach» and selects the appropriate instruments within the asset classes according to a «best in class» approach. Limmat Wealth selects the instruments independently of third-party providers, based on well thought-out processes.
